

THE GATEKEEPER SERIES

Recognise-and-refer training for schools, campuses & workplaces

A single method, a single credential and one recognisable identity — extended across four safeguarding domains and delivered through My Safe Spaces' established SWISS and CREW frameworks.

Using the ALERT method, become a Certified Gatekeeper.

One method • one credential • one recognisable identity — applied across four domains.

● THE FOUR COURSES

one credential • four domains

START HERE

Entry course

Gatekeeper: Mental Wellbeing

First Aid for the Mind

Everyday mental-wellbeing skills — spotting low mood, stress and distress early, and knowing what to do next.

WHO IT'S FOR

All staff, teachers, students (adult track)

FLAGSHIP • 500+ TRAINED

Established flagship

Gatekeeper Essentials

SPECIALISATION

Specialisation

Gatekeeper: Workplace Respect

POSH Awareness

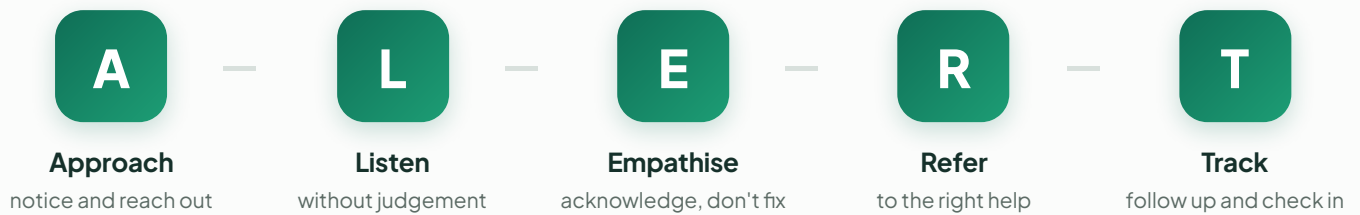

Recognising, responding to and reporting workplace sexual-harassment concerns under POSH.

WHO IT'S FOR

Employers, HR, managers (CREW)

● THE ALERT METHOD — the five steps taught in every course

● HOW THE SERIES FITS THE ECOSYSTEM — one training engine • two frameworks

The Gatekeeper Series is the **training engine**. It reaches people through two established My Safe Spaces frameworks — **CREW** in workplaces and **SWISS** in schools, campuses and institutions.

WORKPLACES

CREW Corporate Wellness Program

Deploys the Series into workplaces, building a trained network of colleagues who notice, support and refer.

COURSES THAT FIT

Mental Wellbeing
Workplace Respect • POSH
Essentials • Suicide Prevention

DELIVERS

A culture of care • POSH readiness • early risk detection

INSTITUTIONS

SWISS Student Wellness & Institutional Safety Standards

Supplies the trained-people evidence an institution needs to demonstrate wellness and safeguarding capacity toward SWISS certification.

COURSES THAT FIT

Child Safety • POC SO
Mental Wellbeing
Essentials • Suicide Prevention

DELIVERS

Safeguarding & wellness capacity • evidence toward certification (CARE Standard)

One **method**. One **credential**. One recognisable **identity** —
applied across four domains.

Gatekeeper • taught with the ALERT method across every course
